

Runway Safety Action Team Meeting and Pilot Controller Forum

This event combines the annual Lancaster Airport Runway Safety Action Team (RSAT) meeting with a FAASTeam WINGS-credit Pilot-Controller Forum. As we know, the Air Traffic Controllers at Lancaster do a terrific job of safely handling large volumes of General Aviation traffic. This is your opportunity to learn how things work from the Tower's perspective - and how we pilots can do our part to make flying at LNS even safer. Click on the link below to register TODAY!

Directions: Planned for the Lancaster Airport Authority Conference Room. Entrance to the Airport Authority offices is just south of the walkway to the terminal entrance.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
