

## Lancaster Fly-In Drive-In Breakfast

We aviators, who enjoy the wonders of human flight, comprise a small percentage of the population. We are uniquely placed to introduce others to the joys of flying and to provide transportation services that only aircraft can perform. This seminar will discuss how we can fly legally and safely for charitable, non-profit, and community events—as well as for other charitable endeavors. Representatives from public benefit flying organizations also will give brief presentations on the work that they do. Join us at this event and learn how to give back in aviation—legally and safely!
