

# Droning On - Safe and Successful Operation of Unmanned Aircraft Systems

Just as the Air Age started in 1903, and the Space Age began in 1957, the year 2016 represented the beginning of the Drone Age, with release by the FAA of 14 CFR Part 107, which contains new rules for drones sharing our airspace. Professor H. Paul Shuch, an FAA Safety Team Lead Representative, will discuss these new rules for Unmanned Aircraft Systems.

**Directions:** Terminal building, Second Floor Conference Room
