

## Cap City Fly-In Drive-In

Not all pre-buy inspections are created equal, and they can have a big impact on our finances and safety! Our speaker will be a highly experienced A&P/IA and aircraft restorer. Join us as we learn about the elements of a good pre-buy - and other maintenance issues important to aircraft owners. Click on the link below to sign up TODAY!

**Directions:** The seminar will be held in Hangar 2, the large hangar on the north side of the airport on Airport Road - across the ramp from the control tower, to the east. Vehicle parking will be available adjacent to Hangar 2, along Airport Road.

Aircraft parking will be available on the ramp on the south side of Hangar 2 - tell Ground Control that you're attending the Fly-In Drive-In. The normal ramp fee will be waived, and a fuel discount will be offered to those who fly in.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
