

CFI/DPE Forum

In addition to Flight Instructors and Designated Pilot Examiners, allpilots are welcome at this event.

In the Harrisburg Flight Standards District, mechanical failure is a leading contributing factor in aircraft accidents and incidents--second only to loss of control. In this forum we will discuss an actual accident resulting from engine failure. We also will discuss owner/operator maintenance responsibilities and how we teach the execution of forced landings.

To register, click on the link below TODAY!

Directions: In the Terminal Building Passenger Lounge.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
