

Barnstormers EAA Chapter 1041 Meeting

In this seminar we will discuss what to do if you're intercepted in security airspace. Also, a former fighter pilot will share what it was like to fly the F-106 during the Cold War. And a Weapons Controller will tell us about the other side the air intercept game - the job of detecting hostile threats and directing the interceptors to them. Click on the link below to register TODAY!

Directions: In the Barnstormers EAA Chapter 1041 meeting room.
