

## EAA 518 Fly-In Drive-In Breakfast

We sometimes use the term, "Uncontrolled Airports", but that's not accurate. Our flying at these fields is controlled - by us! Join us at this seminar as we discuss all aspects of operating at non-towered airfields, including see-and-avoid techniques, CTAF radio calls, pilot-controlled lighting, and much more. Click on the link below and register TODAY!

**Directions:** In the Mifflin Soaring Association Building

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
