

DATE CORRECTION! Barnstormers EAA Chapter 1041 Meeting

Remember how you felt after your first solo? Or after passing your first checkride? Or upon breaking out and seeing the runway on your first real in-the-clouds approach? Among our greatest satisfactions are those achievements for which we have worked hard and which qualify us at higher level of competence. In this seminar we will discuss ways in which we can maintain, or renew, our joy of flying and become safer pilots. We'll discuss expanding our flying horizons, as well as ways to achieve higher proficiency through structured solo practice and by engaging the services of a Flight Coach.

Directions: In the Barnstormers EAA Chapter 1041 Meeting Room

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
