

Sentimental Journey Fly-In

In use for innumerable decades, the primary resource for inflight VFR navigation remains the ubiquitous Sectional Aeronautical Chart. In this FAA Safety Team WINGS seminar, a seasoned CFI will walk you through the Sectional's most frequently encountered symbols, and teach you how to interpret the chart's Key.

Directions: Enter the Pilot's Lounge in Hangar One (in the Northeast corner of the airport). Seminar is in the FBO Conference Room, second door on the right in the north hallway.
