

# NAFI 2025 - Teaching and Learning Aircraft Systems - At the PPC Education Center

## Event Details

Many new pilot candidates have never had hands-on experience with engines, electricity or mechanical things. Knowing our aircraft systems is a requirement for all pilot certificates. How can you teach systems without knowing the basics? We will cover the basics of electrical systems, engines, flight controls and aircraft instrumentation.

**PRESENTED DURING THE EAA AIRVENTURE FLY-IN. NO FEE FOR THE NAFI PRESENTATIONS, BUT AN ENTRANCE FEE IS REQUIRED BY EAA AIRVENTURE TO ENTER THE GROUNDS.**
