

NAFI 2026 - IFR Autopilot Common Errors and Real-World Pro Tips for Using Autopilots in IFR

Event Details

Autopilots should be used more often, not less, because they make single-pilot IFR much easier and safer. Almost every autopilot accident stems from the pilot not having a mastery-level understanding of how their autopilot works, the most common errors, and how to react quickly in an emergency. Come learn from the top expert with 20 years of experience teaching autopilots.

PRESENTED DURING THE EAA AIRVENTURE FLY-IN. NO FEE FOR THE NAFI PRESENTATIONS, BUT AN ENTRANCE FEE IS REQUIRED BY EAA AIRVENTURE TO ENTER THE GROUNDS.
