

ASCEND 2026 - Sport Pilot Training

This informal roundtable will bring together CFIs and sport pilot instructors to discuss how MOSAIC is reshaping sport pilot training and instruction. Participants will explore expanded aircraft and operating privileges, new training and endorsement requirements, and the opportunities and challenges these changes create for instructors and flight schools. Attendees are encouraged to bring questions, share experiences, and exchange practical ideas for adapting their training programs to the evolving light sport aviation environment.
