

Crosswinds: Takeoffs and Landings At and Beyond the Edge of the Envelope

What can we learn from others mistakes? How should we decide whether to continue with a landing in a crosswind? Should we consider enroute diversions? What does the FAA say about flight planning? What should we consider when planning our flights? Join us on a flight that will address these and other important questions and considerations.

Directions: See Map Link to the Library. The Home Town Dairy Conference Room is on the Second Floor.

A message from the National FAASTeam Manager

The new WINGS–Pilot Proficiency Program is great! Check it out now!
