

A Good Weather Briefing

Come and learn how to take the mystery out of the GO/NO-GO weather decision. This important and interesting presentation will provide an in-depth look at weather forecasts. Our guest speaker has both general aviation and military aviation experience, and can help give you the tools to make good decisions for a safe flight when evaluating weather information during your preflight preparations. This exciting presentation should answer your weather related questions. Don't miss it. Please click on the link below to see additional information and to register on-line!

Directions: Please see map link for directions, the seminar will be held on the first floor at the Flying W Airport Fixed Base Operator's (FBO) facility.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
