

FAASafety Team Flight Instructor Open Forum

It's hard to imagine losing control of an airplane in flight, but it happens far too often and almost always with serious or fatal results. At this FAASafety Team Flight Instructor Open Forum we will explore some of the factors that can lead to a Loss-Of-Control (LOC) event, and provide some practical steps to help pilots avoid LOC. Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Join your flight instructor colleagues and take an active role in improving safety in flight training! Click on the link below and register today! If weather is inclement please call 610 595-1500 x240 for possible date change

Directions: Please see map link for directions, seminar will be held in the FSDO 17 Meeting Room.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
