

FAASTeam PHL presents:

Unmanned Aerial Vehicles

UAS, Unmanned Aerial Systems or Drones are the aviation industry revolution of today. This Program will cover all current Regulatory, FAA Policy, and Laws related to Unmanned Aerial Systems in the United States, including critical proposed Rulemaking and FAA Policy for integration of UAS into the National Air Space, (NAS). As Unmanned Aerial Systems will affect everyone in the aviation industry, this program is a must for all aviation operators and organizations in the United States, including those individuals, operators or operations looking to actively fly Unmanned Aerial Systems in the National Air Space. Click on the link below and register TODAY.

Directions: The Delaware Air National Guard is accessed off Commons Boulevard. From 141 turn onto Commons Boulevard at Federal Express. Stay in the left lane from Route 141 and make a U-Turn past the intersection at the sign for the Air National Guard.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
