

## Do Not Cross The Line!

At this seminar we will look at Runway Incursions. We will discuss what constitutes a runway incursion as well as how pilots can avoid having a runway incursion. We will look at airport signage and lighting. We will use interactive flash cards to review runway and taxiway signs and markings. We will also look at Land and Hold Short Operations (LAHSO) with how pilots might handle that landing clearance. Lastly, we will look at pre-flight planning and an FAA lesson on runway incursion avoidance. Don't miss this informative briefing. Click on the link below and register TODAY.

**Directions:** See map for driving directions. The meeting will be held on the second floor.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
