

Runway 19 - Dont Cross The Line !

At this seminar we will look at Runway incursions. We will discuss what constitutes a runway incursion as well as how pilots can avoid having a runway incursion. We will look at airport signage and lighting. We will use interactive flash cards to review runway and taxiway signs and markings. We will also look at Land and Hold Short Operations (LAHSO) with how pilots might handle that landing clearance. Lastly, we will look at pre-flight planning and an FAA lesson on runway incursion avoidance.

Directions: This presentation will be held on the first floor at the Fixed Base Operator (FBO) facility. See Map Link

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
