

Navigation Aid Shutdown (VOR) at Northeast Philadelphia Airport (KPNE) and RWY 6/24 Closure

At this 2 hour seminar we will look at two very important upcoming NOTAMs for Northeast Philadelphia Airport (KPNE); the permanent shutdown of the PNE VOR (March/April 2018) and the temporary closure of Runways 6/24 for resurfacing (Spring 2019). The seminar will cover the KPNE airport environment as well as address the impact of these NOTAMs on flight operations. Also, coping strategies that pilots can use will also be discussed. Lastly, we will cover some bonus topics such as knocking off the rust, avoiding TFRs, and intercept procedures.
