

## FAVIA 225 Propane Characteristics and Emergencies

This seminar is specifically designed for Hot Air Balloon pilots and crew. We will cover the Propane Safety during this session. Don't miss it. Click on the link below and register today. See the "Additional Event Information" for additional registration information.

**Directions:** See the FAVIA225.org for "Additional Event Information"

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
