

FAASTeam presents:

MACA Safety Tour

****PLEASE READ ALL INFORMATION IN THIS ANNOUNCEMENT PRIOR TO REGISTERING!****

The 514th Air Mobility Wing Safety Team sponsors this event in order to promote safe flying in Alert Area A-220. The objectives are to: Inform general aviation pilots about the hazards associated with operating in busy military airspace, Provide strategies for flying safely in and around the McGuire AFB Alert Area, and Encourage communication between general aviation pilots and their military counterparts. The program includes presentations on the types of military aircraft and operations a GA pilot might encounter when flying in the Alert Area, information on flight physiology, a tour of the McGuire Radar Approach Control (RAPCON) facility and control tower, and a static tour of aircraft on the flight line, including a C-17 Globemaster III and a KC-10A Extender. This special event gives pilots the unique opportunity to land at McGuire Field.

Directions: Due to Safety and Security Concerns, this information will be provided to airmen who register online and are contacted by the tour coordinator. This is NOT a drive-in event.
