

N/A presents:

FAVIA GEBA- Instructor Symposium

It is our belief that commercial pilots intending to train students should continually enhance their teaching skills and methods. To achieve these increased skills, we have assembled a group of experienced instructors to share their teaching techniques.

Topics include:

Teaching fuel Management

Fundamentals of Instruction

Fixing Learning Difficulties and Risk Management

Balloon Landings

IACRA/PTS

Check Ride Prep

A review of a training syllabus and the knowledge base necessary to successfully complete the Practical Test Standards will also be included.

Interaction with attendees questions and concerns will be encored throughout the weekend.

There is a fee for attending this seminar, please see the "Additional Event Information" for registration and fee information. See you there!

Directions: See directions on FAVIA website
