

FAASTeam presents:

National Drone Safety Awareness Week - (From Recreational to Part 107 Commercial Drone Pilot)

This event is part of the FAA's National Drone Safety Awareness Week. The program will cover Drone operations from Recreational to Part 107 Commercial Drone Remote Pilot.flying. This is a Go To Webinar Presentation, and is presented as part of National Drone Safety Awareness Week. National Drone Safety Awareness Week (NSAW) establishes an annual week long series of events that spotlight drone safety for communities and stakeholders across the country in all 50 states. Drone safety is everyone's responsibility and this meeting and events is envisioned as a public-private partnership with opportunities for all members of the drone community to participate. This year's National NSAW is scheduled for November 16-22, 2020.
