

FAASTeam presents:

# sUAS Crew Resource Management

Join Sundance Media Group and Influential Drones in presenting another FAASTeam webinar on sUAS Crew Resource Management.

In this session, we'll identify the roles of flight crew members, indicate the responsibilities of those roles, and how each flight crew member may most effectively communicate in each role while supporting the pilot-in-command. We'll discuss pre-flight briefings to be overseen by the pilot-in-command, and additional briefing information to most safely and efficiently fly a successful mission/operation. Additional safety practices, operational techniques, tools, and workflows will be presented.

**Directions:** UAS DronePro FAASTeam virtual webinar presented by Sundance Media Group and Influential Drones. Registration is Required.
