

FAASTeam presents:

Introduction to Safe and Legal Recreational Drone Flying

Welcome to this years FAA National Drone Safety Day 2022. This program will introduce the recreation drone pilot to background laws, regulations, resources, and mandatory testing to fly your drone safe and legal.

You will be introduced to the primary Recreation Drone Law 49 USC 44809, AC 91-57B, The Recreational UAS Safety Test (TRUST), FAA Drone Registration Requirements, LAANC, B4UFLY, NASA/ASRS, and a look at Part 107, Remote Drone Pilot Commercial Operations. Since all drone operators must be trained or Certificated (TRUST or Part 107), this program is a must to attend for all Drone Operators to identify between the two.

Thank you for attending, have fun, and always fly your drone safe and legal.

Directions: The EAA Chapter 240 Hanger is located at New Garden Airport, Toughkenamon, Pennsylvania 19374. Upon entering the airport grounds, follow signs for the EAA Hanger which will be on your right adjacent to the airport main facility, at the top of the hill.

Please Note that this is listed as a FLY-In Event, but a VIP-TFR may be in effect on the day of the event. If a VIP-TFR is in effect on June 18, 2022, aircraft will not be able to fly into or out of N57, or in the vicinity of N57 that day, but the event will still be held. Please check tfr.faa.gov for details.
