

## Land and Hold Short Operations at KILG

Join us for an Interactive presentation focused on Land and Hold Short Operations (LAHSO) at ILG Airport. This informative session will cover key LAHSO procedures, providing pilots and aviation professionals with a greater understanding of the rules and responsibilities from both the (PIC) and (ATC) perspectives.

The seminar will include a review of critical PIC and ATC responsibilities, and will highlight specific phraseology used during LAHSO operations. Attendees will learn how to effectively respond to LAHSO instructions issued by ATC, ensuring both safety and compliance in high-traffic environments.

This is an event for anyone operating at or near ILG Airport. Pilots will also have the opportunity to participate in a user survey, offering input that could influence future decisions impacting local flight operations.

### Event Details

**Wed, Mar 26, 2025 at 19:00 EST**

**New Castle County Gilliam Building**

67 Reads Way  
Multi-Purpose Room  
New Castle, DE
