

Preventive Maintenance by Pilots

Prevention maintenance, maintenance, aircraft pre-flight, airworthiness, return to service, and maintenance records will be discussed along with actual scenarios. Join us for this very informative seminar:

This is designed for aircraft owners, aircraft operators, maintenance personnel, and industry professionals, we will examine legal and regulatory issues regarding preventive maintenance, aircraft maintenance, aircraft pre-flight inspection, airworthiness, return to service, and maintenance records. The program will include everyday practical maintenance scenarios, a review of the 31 enumerated preventive maintenance paragraphs of CFAR 43, Appendix A (c); NTSB legal cases, FAA Chief Counsel's office maintenance opinions, and FAA maintenance Advisory Circulars.

This presentation will be held on the first floor at the Fixed Base Operator (FBO) facility.
