

Mixing it Up in the Caution Zone!

Attend this exclusive and timely safety briefing featuring collision avoidance at non-towered airports. What are the best practices while on the ground or in the air? Are straight in approaches legal? Are they safe? What if I am arriving IFR? Do you know the recommended procedures for collision avoidance? Learn the answers to all of these questions and many more. At this informative briefing we will discuss arrival and departure procedures, collision avoidance, regulations and recommended practices at non-towered airports. Do your part to keep airport operations safe! Click on the link below to register TODAY!

Directions: The seminar will be held upstairs at the school in classroom #2.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
