

## Aviation Medicals / ATC and SFRA Procedures

There have been a number of changes to the criteria for FAA medical exams. The local medical examiner will be on hand to answer general questions about conditions that may cause pilots concerns.

Also, there has been an interest lately in understanding more about how ATC controls the SFRA and how to safely and effectively navigate within the SFRA. An air traffic controller will answer questions regarding practices and procedures for operating within the SFRA.

**Directions:** Turn onto Shannon Airport Circle, directly opposite from the John Deere building on Tidewater Trail. Proceed to the traffic circle and park anywhere there is a designate parking spot. The Conference Room is in the center of the building.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
