

# Meet The Examiners and Learn About The New Airman Certification Standards (ACS)

Our old Practical Test Standards (PTS) are being phased out quickly and being replaced with the new Airman Certification Standards (ACS). Some of our local FAA designated Pilot Examiners will be available to describe the changes in structure and how the ACS will help pilots pass their test. We will also be discussing any newer changes to the requirements for Flight reviews and FAR Part 91 regulations. This will be a very informative night for anyone planning on obtaining a new certificate or for keeping up with the newest regulations and Flight Review expectations. Click the link below and register TODAY.

**Directions:** We will meet in the large conference room on the second floor of Signature Flight Support. Free parking for automobiles in the Signature lot. Easily accessible for fly-in.

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
