

FAASTeam & Richmond FSDO presents:

# **IMC Club Meeting - Mastering the Art of Instrument Flying**

This training uses real-world instrument scenarios to train pilots. It emphasizes the development of critical thinking and flight management skills, rather than solely on traditional maneuver-based skills. The philosophy is the accelerated acquisition of higher-level decision-making skills. The IMC Club provides organized "hangar flying" focused on building proficiency and safety in instrument flying. We will discuss real-world instrument scenarios and how you can mitigate the risk of your instrument flying. Safety proficiency further developed by pilots sharing their knowledge and experiences. You do not have to be instrument rated to attend. Click on the link below to register TODAY!

**Directions:** Located off Broad Street, about 1 mile from I-64.

Take the Gaskins Road North exit off of I-64, turn left on Mayland Drive, Go around the Commander Road circle until you see Deep Run 3. Park in the lot nearby. We will meet by 6:30 on the main floor. If you are late and the group has already gone up to the meeting room, call either Rick (804-564-3233) or Rob (804-523-0137) to have someone bring you to the room!

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
