

Is This The Day For An Accident? If You Operate a LSA or Experimental Aircraft Attend This Seminar!

Every year there is a disproportionate number of fatal aviation accidents involving Light Sport, Experimental and Amateur Home Built aircraft. Owner/Operator Maintenance is sometimes indicated as causal factors along with incomplete knowledge about specific aerodynamic characteristics of these aircraft that are not type certificated, click on the link below and register TODAY.

https://www.faa.gov/aircraft/air_cert/airworthiness_certification/sp_awcert/experiment/

Directions: This aviation safety seminar will be held in conjunction with the "Wings Wheels & Keels" air, car, and boat show! The seminar will be held from 1:00 to 2:00 p.m. in Rusty Gill's hangar located at Hummel Field in Topping, Virginia.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
