

Fly the Airplane - First!

Have you ever put the airplane on auto-pilot so you could, look up information, check your iPad for information, change the music channel, or pickup your pencil you accidently dropped on the floor, well basically - have you ever taken your "eyes off the road?". Well, we know how bad that is when we are driving our cars but in an airplane, no problem right? Come to our seminar for a refresher in safety - Fly the Airplane FIRST!

Directions: This seminar will be held in the airport terminal building - 2nd floor conference room.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
