

IMC - Mastering the Art of Instrument Flying

The IMC Club provides organized “hangar flying” focused on building proficiency and safety in instrument flying. We have very engaging discussions of real-world instrument scenarios, how to mitigate the risk of instrument flying, with pilots also sharing their knowledge and experiences. You do not have to be instrument rated to attend.

Directions: Plenty of parking. The meeting starts at 6:30 in a conference room inside the main entrance. Any questions, contact Rick Solana (804-564-3233; solana9@gmail.com).
