

RIC FAASTeam presents:

Brave Hearts and Chicken Hearts and In-flight Emergencies

First, we will present the flight history of an actual IFR flight from NJ to Northern Michigan in summer. Includes radar and photos of weather conditions and discusses decisions made in completing the flight successfully in spite of changing weather and convection activity. In the second hour, we will present a variety of in-flight emergencies and discuss the decision-making process for various ways of managing them.

“Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.”

Directions: Take VA 199 to Brookwood Drive. Turn southwest to 1st left on to Lake Powell Road then to 2nd left on to Marclay Road to end. Terminal is tan brick bldg on left.
