

Seeing is Believing - Aircraft Corrosion

At this seminar will discuss types of aircraft corrosion with real life examples. We will also discuss corrosion prone areas, corrosion control, as well as corrosion treatment and repair.

Directions: This seminar will be held at the Aviation Institute of Maintenance (AIM) in Room 202. There is plenty of parking in the school parking lot. Please check in at the front desk and ask for the Program Coordinator. The Program Coordinator will show you where Room 202 is located in the school building.
