

Introduction to Aviation Weather

This seminar is on aviation weather starting with the basics. What causes weather? How do you research aviation weather? And an understanding of the risk management of the weather. By the end of the night you should be able to research and find all the weather elements necessary for your flight.

Directions: Parking in front of the airport terminal. The seminar will be held in the airport restaurant.

"Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines."
