

## Dying to Get There? Make a Better Decision!

Flying is a dynamic activity and sometimes it requires quick decision making to ensure a safe and successful flight. We will discuss how pilots perceive information, process it, and perform the task. We will discuss proper Aeronautical Decision Making to ensure a safe and non-eventful flight. This seminar is for Angel Flight pilots at their spring training conference - no emails notifications of this seminar will be sent.

From I-95, take Exit 62 (Route 288 North) toward Chesterfield. Continue on Route 288 North until you get to Route 10 (Iron Bridge Road), take the Route 10 West exit. Go approximately one mile to the first traffic light and take a left on Whitepine Road. Stay in the right lane and merge on to Airfield Drive. The airport terminal is at the end of the road. The seminar will be held upstairs in the main airport terminal.

### A message from the National FAASTeam Manager
