Select #: EA21145887
FPM Maurice Dacey n/a

The purpose of this Runway Safety meeting is to unite individuals and organizations that are actively involved in air traffic operations and movement of aircraft, vehicles and equipment on and within the Airport Operations Area (AOA). We look for participation from all major airport interests including pilots, tenants, fixed base operators, airport operations and maintenance personnel.

Participants are asked to help develop recommendations and solutions to enhance surface safety. Those recommendations serve as the foundation for a site-specific Runway Safety Action Plan. You are cordially invited to join us.

This seminar will be held in Conference Room A of the Norfolk International Airport (KORF). For the location of the airport please consult mapping software or GPS for directions.

A message from the National FAASTeam Manager
