

FAASafety Team Flight Instructor Open Forum #1

Aviation educators are vital and influential; they are the gateway for those entering pleasure, business, and commercial flying. Instructors advance pilots through a regulated system of certificates and ratings, transitioning pilots to different aircraft and technologies, and ensuring that pilots satisfy FAA, insurance, and flight school or company recurrency requirements. Though the reasons for increased attrition among students and other pilots are many, instructors often represent the first and last lines of defense to motivate pilots to continue in aviation. Join your flight instructor colleagues and make a difference in flight training safety! FREE PIZZA!

Directions: From I-390, take Brooks Ave Exit Westbound, 2 miles to Airport entrance, then right turn into US Airports Bldg lot. Conference room is on ground floor through the FSDO Office door.

A message from the National FAASafety Team Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
