

The FAA Safety Team presents:

## Monthly Hangar Flying Safety Meeting at FZY

Maximize your SAFETY potential by attending this first in a series of monthly meetings scheduled for the third Wednesday of every month! Enjoy an informal "Hangar Flying" format to promote discussion of one or two topics at each meeting. The topics for this meeting will address operations at non towered airports and radio communications. Have you ever been cut off in the pattern? Are you required to use radio communications while operating in the pattern? Share your ideas and learn the best practices for operating in this environment by attending this informative meeting. Recurrent training is the foundation for safe aviation operations. FREE Light Snacks and Refreshments courtesy of True Course Flight School. See you there!

**Directions:** Please see map link for directions.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
