

Monthly Hangar Flying at the Rochester Air Center

The Apple iPad has become an essential tool for many pilots. This informative presentation will review opportunities and pitfalls of this new technology in aviation. Used correctly it can dramatically enhance the safety of flight! Featured speaker for this FAA Safety Team event is David St. George, a FAA Designated Pilot Examiner and FAASafety Team Lead Representative. Bring your iPad (or other tablet) and share your experiences and techniques at this safety seminar. Light dinner 6PM to 6:30 PM, provided courtesy of Rochester Air Center.

Directions: Off 390 take Exit 17, proceed West and follow signs for RT-383, Scottsville Rd. Go .9 miles to 1313 Scottsville Rd. The last intersection is Airpark Dr.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
