

Monthly Hangar Flying Safety Meeting

It's never a bad idea to refresh our skills and review of the airspace in which we fly. At this monthly edition of Hangar Flying at TRUE COURSE FLIGHT SCHOOL we'll look at airspace, VFR weather minimums, required equipment and take a glimpse into the future requirements for aircraft equipment. It's easy in the day to day world of flying to forget the details of the requirements for flying in the various airspace classes, so we'll cover a review of these requirements as well as some of the future requirements that we've all been reading about. (Don't be scared, they're not that bad). Free snacks and refreshments courtesy of TRUE COURSE FLIGHT SCHOOL.

Directions: Meeting in TRUE COURSE FLIGHT SCHOOL hangar.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
