

Stacking the Cards in Your Favor at Rochester Safety Stand Down 2014!

Don't miss this exciting and behind the scenes look at the world of Air Traffic Control (ATC). ATC specialists from the Rochester and Buffalo Air Traffic control towers have teamed up to provide attendees with a virtual tour of an air traffic control tower and discuss the services the facility can provide to pilots. They will address local issues and procedures unique to the airspace and answer any questions pilots or flight instructors may have. This is our opportunity to meet and interact with the professionals that work traffic in and out of KROC everyday! Click on the link below and register TODAY! Also, follow us on Facebook at <https://www.facebook.com/events/624097751003377/>

Directions: Take the NYS Thruway to Exit 46, proceed I-390N to Exit 17, turn right, proceed to 1295 Scottsville Road.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
