

## Monthly HANGAR FLYING Safety Meeting

Returning to flight operations after a period of inactivity has in the past resulted in loss of control accidents. But with a solid plan you can get back to enjoying the freedom only flying can offer. Attend this exclusive new briefing and the FAA Safety Team will share best practices for mitigating the risk of flying following a period of inactivity. You owe it to yourself and your passengers to maintain the highest level of safety in your flight operations! Our Hangar Flying Safety Meetings are interactive discussions that encourage all in attendance to share their experiences and knowledge. Join us and be part of the effort to promote aviation safety and best practices. As always, FREE snacks and beverages courtesy of True Course Flight School.

**Directions:** Meeting at the flight school hangar.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
