

FAASTeam Flight Instructor Open Forum

In teaching decision making, instructors must learn to assess students on a different level. How did a student arrive at a particular decision? What resources were used? Was risk assessed accurately when a go/no-go decision was made? Did the student maintain situational awareness in the traffic pattern? How does the student handle stress and fatigue? Join your flight instructor colleagues to share best practices for teaching ADM and take an active role in improving safety in flight training. Click on the link below to see all the details and register TODAY!

Directions: Buffalo-Niagara Airport, just off Aero Drive at the former location of Flying Tigers Restaurant.
