

The FAA Safety Team presents:

# Monthly HANGAR FLYING SAFETY Meeting

Runway Incursions continue to occur at the rate of more than 200 per year. Because incursions have the potential to cause horrendous accidents, their prevention continues to be a focus of FAA and the FAA Safety Team. These incursions don't just occur at large airports in far away places, but even take place at local airports in this area! Are you familiar with the most recent "best practices" for operating on the surface of the airport? How do you manage the risk? Attend this important briefing and increase the level of safety for your next flight! Also, following the runway safety discussion, Jeff Vandeyacht and Mike Atutis will share photos and videos of their recent experiences as fighter pilots flying aerial dog fighting at Air Combat USA in the Marchetti SF-260 aircraft! Join us for safety and fun! As always, free snacks and soft drinks courtesy of True Course Flight School.

**Directions:** Meeting in TRUE COURSE FLIGHT SCHOOL hangar.

#### **A message from the National FAASTeam Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
