

Monthly Hangar Flying SAFETY Meeting

Our good friend and regular attendee Dan Williams will provide a robust presentation on his transition training into an amateur built aerobatic bi-plane, an AcroSport. The presentation features many photos and video to visually describe his journey from the simplicity of a C172 to tackling the challenges of this tail wheel aircraft. He has many stories and experiences to share! As always, free snacks and soft drinks courtesy of True Course Flight School. We'll see you there!

Directions: Meeting in True Course Flight School hangar.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
