

The FAA Safety Team presents:

WEBINAR: Developing Abnormal Procedures for GA (8 PM PST, 9 PM MST, 10 PM CST, 11 PM EST, 0400 UTC)

This live webinar takes a look at how sometimes a relatively small problem can develop into a major problem and possibly result in an accident! It demonstrates how airline-type procedures can be easily adapted for use in general aviation. See the "Additional Seminar Info" for details on how to participate in this exciting free webinar! The registration link is provided at the end of the "Additional Seminar Info" section.

Directions: No need for directions! No need to travel! Participate in this webinar from the convenience of your own computer or mobile device!
