

LIVE WEBINAR Examining the Loss of Control Accident

This interactive, live webinar will analyze several Loss of Control accidents with a goal of understanding the underlying causal factors and gaining insight on how to avoid this highly lethal type of accident.

Directions: The interactive webinar can be viewed on most desktop, laptop, and mobile devices. A high-speed internet connection is required. Please carefully note the time as some calendar programs do not automatically correctly convert for the various time zones. The webinar will begin at: 9:00 PM EST, 8:00 PM CST, 7:00 PM MST, 6 PM PST (0200 UTC). The webinar will last approximately one hour and fifteen minutes.

Important notes: There is no need to register on faasafety.gov for this event. When registering for the webinar via the link below, please use your FAASafety.gov email address to insure Wings credit for your attendance. For complete information, including the registration link, please click here.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
